

# AIR AWNINGS – SUV, MPV, CROSSOVER, UTES WITH HARDTOP

**9120001230**  
**Tailgater AIR**

## Standout Features

- **Multi-Point Inflation** - offering AIRFrame™ technology, inflates the AIR Poles for a quick setup
- **Free Standing** – versatile awning option as may be left setup and detached from the vehicle
- **Compact Size** - folds down to fit into a carry bag for easy transportation
- **Weathershield™Pro** - this iconic fabric is used extensively throughout the Dometic awning range with proven reliability in diverse environments. With the look and feel of a traditional fabric but is lightweight, offering improved UV protection and waterproof properties
- **Clip-in Groundsheet** - waterproof PE groundsheet with factory taped seams offers a dry, bug and draught free environment
- **Adjustable Awning Tunnel** - ensures a weatherproof connection between awning and vehicle, suitable for vehicle heights 160-210cm
- **Quickpitch™ Guying System** - heavy-duty straps can be pegged out in seconds, adjusting the top buckle to apply tension ensures a strong grounding
- **Wet Weather Entrances** - canopy over the entrances offers protection from the rain

**Other Quality Features** - full set of privacy curtains, SabreLink™ ready to attach lights on the AIR Poles, flyscreen panels on doors, cable entry points, roll to side front window & flyscreen panels, Diamond Clear windows maximise light and visibility, high ventilation ensures air flow and reduces condensation, carry bag and hand pump included
